Inger Mathilde Eiklund

About Me

Creative and detail-oriented aspiring front-end developer. Skilled in translating designs into functional, polished front-end code. With a background in customer service, I bring strong communication and interpersonal skills to both independent and collaborative work. Organized and appreciative of structure, while remaining adaptive to shifting priorities and team needs.

Work Experience

November 2012- May 2018

Café assistant | Bryggerhuset / Trio

Early role in my family's café, where I developed foundational customer service skills and a strong work ethic from a young age. Responsibilities included barista work, and customer service.

May 2018 - Present

Barista & Assistant manager | Dampbageriet AS

Serve as a second in command to the store manager, taking on a broad range of operational and leadership responsibilities over 8 years. Managing stock ordering and inventory control, with a focus of minimizing daily waste through careful monitoring of fresh produce. Acting as a manager during the summer period, overseeing day-to-day operations and leading the team in the managers absence. Consistently delivered high-quality customer service in a fast-paced environment.
